PROPULSION SWITCHBOARD
Section 5.6

Below the title to Section 5.6, insert the following clarification Note:

> "**Note:**
> Notwithstanding anything to the contrary in the project Specifications, it is the State's intent that the Optional Work described in the Specifications is to be conducted only upon advance direction by WSF. Such work is not part of the base Contract Work. Accordingly, WSF has modified the Financial and Schedule Proposal Form (by RFP Addendum) to specify such Optional Work, as additive (not deductive) work for purposes of determining the Total Proposal Price for Award (base Contract Work only) and the Total Proposal Price for Evaluation (base Contract Work plus Optional Work)."
